**Hawaiian Electric Company.**  
The cleanest, brightest, safest and really the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me." Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."  
This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light.  
Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.  
We have a complete stock of everything in his line and have just received a lot of the very latest designs in chandeliers  
**LIN SING KEE, Tinsmith and Plumber**

**Came Very Near Dying**  
Blood Bad; Abscesses Formed; Health Gone.  
We are glad to publish the testimonial of Miss Annie Smith of Auckland, New Zealand, who suffered intensely for years, and who was quickly cured when she obtained the right remedy.  
  
"I was a strong, healthy woman until about five years ago, and while living in England was recovering from an attack of measles. I took a chill, had a relapse and came very near dying. My blood was left in a very bad state, abscesses formed on my body. I was confined to my bed two-thirds of the time. At times I was unable to move. For two years I failed to obtain any relief. So finally I was advised to come to New Zealand. After coming here I remained about the same, trying many remedies without obtaining any benefit. About a year ago, after reading one of your advertisements I determined to try  
**DR. AYER'S Sarsaparilla**  
Very soon after using it the abscesses began to heal and my general health very greatly improved. I followed up the treatment and am now as strong as ever. I cannot too highly recommend Ayer's Sarsaparilla as a blood purifier and tonic."  
For constipation take Dr. Ayer's Pills. They promptly relieve and surely cure. Take them with Dr. Ayer's Sarsaparilla; one aids the other.

Hats, Caps, Etc.

**RED AS A CURATIVE AGENT**  
VIRTUE OF RED LIGHT IS NOW UPHELD.  
The Medieval Physicians Were Not Such Ignoramuses as Has Been Thought—Modern Science Agrees.  
Our forefathers believed that there was virtue in red light, especially in the treatment of smallpox. Not long ago there was a "blue light" craze, when the pendulum swung to the other extreme. Now we are on the return swing, it appears, a German authority having pronounced in favor of the red end of the spectrum. Of course, light of all colors is present in ordinary daylight, so the benefit, if any, must proceed from the exclusion of the rays other than the red. Says The Lancet:  
"In our conscious superiority to our forefathers we have been used to look with contempt on their practice of treating cases of smallpox by means of red light in the form of red blinds, curtains and coverlets, but with our present knowledge of the chemical and physical action of the different rays of the spectrum and the influence of light and darkness on life in its highest and lowest manifestations we may have felt a suspicion that, whatever the theory of the medieval physicians, their practice may have had a scientific basis. In the last number of the Zeitschrift für Krankenpflege we find that it has been tried, and apparently with remarkable results, in the treatment of measles. A child eight years of age, having sickened with an attack of measles of more than usual severity, was on the second day brought under the influence of the rays of least refrangibility, the windows being fitted with red blinds and a photographer's lamp with an orange yellow globe being used for artificial light. In three hours the rash had disappeared, the fever had subsided, and the child was playing cheerfully, complaining only of want of light. The blinds were consequently removed, when three hours later the medical man was summoned to find that the eruption and fever had returned and the child was weak and prostrate. The red light having been resumed the rash disappeared in little over two hours, as did the fever, this time permanently. In two more days the cough had ceased and the child was well in every respect. The brother and sister and a fourth patient infected from the first case were treated in the same way and with like success. In the great epidemic of smallpox in 1871-72 some cases were reported as having been kept in dark rooms with great benefit, especially as regards the pustulation and pitting. Clearly what virtue there may be in this method lies in the exclusion of actinic rays and the substitution of red orange light for total darkness has obvious advantages as in the case of photographic manipulations."—Literary Digest.  
**NEW STAMPS FOR CUBA.**  
Good News for the Ardent and Progressive Philatelist.  
Since the occupation of Cuba by the United States troops all mail matter from the island has been sent under stamps of the United States, with the word Cuba printed across the stamps of different denominations. This was not desirable, but it answered for the time being. Mail advices from Washington now state that the post office authorities in that city have been pushing the work on new stamps for Cuba and the stamps are about ready for issue. The new stamps will be in five denominations, for 1, 2, 3, 5 and 10 centavos. They will be of the same size as the United States stamp. The 1 centavo stamp has for its vignette a reproduction of the statue of Columbus that stands in front of the governor general's palace in Havana. The 2 centavo stamp carries a Cuban landscape in which are three royal palms. The 3 centavo stamp reproduces the statue of Cuba, a work that adorns one of the plazas in Havana. The 5 centavo stamp shows a merchant vessel and is bordered with tropical foliage. The vignette for the 10 centavo stamp is a representation of a Cuban plantation, with a native tilling the soil. The mechanical work has been performed with the greatest care in the United States Bureau of Engraving and Printing and the post office department is well satisfied with the result.

**THERE WAS NO REPRIMAND**  
LAWYERS KANEAKUA AND KAULIA VINDICATED.  
Two Judges Say While Language Was Threatening It was Probably Not Intentionally So.  
The Kaulia-Kaneakua disbarment case came to an end in the supreme court yesterday afternoon. When argument was finished Judge Frear announced the opinion of the court that the attorneys should not be disbarred. Personally he felt, however, that the men should be reprimanded.  
Judge Whiting stated that he was in doubt. As Judge Frear had stated the language used in the letter of Kaneakua to Kaulia and by the latter to Doyle was threatening, but he was not sure that it was intentionally so. He would give the benefit of the doubt to the respondents and vote against a reprimand.  
Judge Stanley saw no ground whatever for reprimand. He thought the course of the attorneys was justified by the circumstances, and deemed it a concession on their part to give time to Doyle for consideration of the matter.  
The opinion then being one for reprimand and two against it, the case was thrown out and the respondents discharged. This ends the matter. There will not be a written decision.  
It is understood from the respondents this morning that they will likely become the complaining witness in a suit against Doyle, this in the interest of the natives to whom the koa wood is alleged to belong. A day or two will likely be taken to consider the matter.  
**THE BEST TREATMENT FOR CHOLERA INFANTUM.**  
Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. LAW, Keokuk, Iowa. For sale by all dealers and druggists, Benson, Smith & Company, general agents, Hawaiian Islands.
